

# Cleanroom Guide Specification

Last Modified on 08/23/2024 11:24 am EDT

Aircuity's Cleanroom Guide Specification is a tool used to specify Aircuity equipment and services provided for a cleanroom project.

This Word file template is intended to be inserted into a larger project specification. The document features **bold red text** to make it easy to identify when there are different options available to choose from or if there are any variables which must be defined.
